

Organisation	Title	Reference	Summary
Cystic Fibrosis Foundation	Infection Prevention and Control Guidelines for Cystic Fibrosis: 2013 Update	Saiman L, Siegel JD, LiPuma JJ, Brown RF, Bryson EA, Chambers MJ, Downer VS, Fliege J, Hazle LA, Jain M, Marshall BC, O'Malley C, Pattee SR, Potter-Bynoe G, Reid S, Robinson KA, Sabadosa KA, Schmidt HJ, Tullis E. Infection prevention and control guideline for cystic fibrosis: 2013 update. <i>Infect Control Hosp Epidemiol</i> 2014;35(Suppl 1): 1-67.	Guideline providing recommendations to prevent patients with CF from transmitting and/or acquiring pathogens from others or the environment. Cleaning and disinfection of nebulisers at home and in hospital included.
American Association for Respiratory Care	A guide to Aerosol delivery devices for Respiratory Therapists 4th edition	Gardenhire DS, Burnett D, Strickland S, Myers TR. A Guide to Aerosol Therapy Delivery Devices for Respiratory Therapists 4 th Edition. [online] Available at: http://www.aarc.org/resources/clinical-resources/aerosol-resources [Accessed 15/08/19]	Guideline on aerosol therapy devices and medications. Cleaning and disinfection methods discussed. Table of cleaning steps provided. Advice for in-hospital cleaning.
British Thoracic Society	Guideline for Non-CF Bronchiectasis	Pasteur, M., Bilton, D. and Hill, A. (2010). British Thoracic Society Guideline for Non-CF Bronchiectasis. <i>Thorax</i> , 65(Suppl 1), pp.i1-i58.	Guideline for the management of Non-CF bronchiectasis. Good practise points offered for nebuliser cleaning and advice to follow manufacturers' instructions. "A universal Code of Practice for the maintenance and re-use of equipment should be produced."
Centres for Disease Control & Prevention	Guidelines for Preventing Healthcare Associated Pneumonia	Tablan OB, Anderson LJ, Besser R, Bridges C, Hajjeh RC (2003). Guidelines for Preventing Health-Care-Associated Pneumonia. Recommendations of CDC and the Healthcare Infection Control Practices Advisory Committee. [online] Available at: http://www.cdc.gov/mmwr/preview/mmwrhtml/rr5303a1.htm [Accessed 15/08/19].	Guideline to reduce the incidence of hospital acquired pneumonia. General measures given on sterilisation, disinfection and maintenance of equipment and devices.
European Respiratory Society	European Respiratory Society Guidelines on the use of nebulizers	Co, Boe, J., Dennis, J., O'Driscoll, B., Members, Bauer, T., Carone, M., Dautzenberg, B., Diot, P., Heslop, K. and Lannefors, L. (2001). European Respiratory Society Guidelines on the use of nebulizers. Guidelines prepared by a European Respiratory Society Task Force on the use of nebulizers. <i>European Respiratory Journal</i> , 18(1), pp.228-242.	Guidelines for users of nebulized treatment in Europe. Cleaning and disinfection of nebulisers should be carried out on a regular basis in line with manufacturer's instructions. The ideal standards and methods have not been well established.
